Dear Ben:

I spoke with Mr. McKenna concerning the Japanese material he provided to me. This is the material from a search originated by Mr. Patterson of Moser, Patterson & Sheridan. Mr. McKenna noted that you wanted all this material made of record in the 4714 patent application. Mr. McKenna also stated that I should hold-off on submission of an IDS at this point as you had requested that he supplement this information with an additional Dialog search. Should I hold-off for this new material or go forward with filing of an IDS and interview the examiner?

Sincerely,

Kenneth C. Brooks
